

**The European Student Network Youth Conference in Cluj-Napoca
22-28 September 2018**

Dear EUU Youth and EUU Parents,

This fall, the Janos Sigismund Unitarian Academy in Cluj-Napoca, Romania is organizing a major student conference for a European School Network program, where the school is a member. The conference, which will take place **22-28 of September**, is called **Transylvania, land of tolerance. Two EUU Youth (aged 15-18 years) have been invited to participate!** One adult “chaperone” is also welcome to attend. Each participant must pay for travel expenses, but everything else (lodging, food, etc.) is provided by the hosting school. ([See attached flyer!](#))

The ESN is an organization including 25 schools from 9 European countries. The ESN is a school program started by Finnish schools, in order to promote one-to-one exchanges, group exchanges, teachers job shadowing opportunities and programs. The Janos Sigismund Unitarian Academy is very honored that we are the only school in Transylvania being part in this, and we represent Romania - as a Hungarian minority school, and church school. For them, it is an amazing opportunity to be part in a wide European program, and our students can travel and learn from other schools and cultures while hosting them in Transylvania.
